Tables and Conveyors

Providing room to work and efficient product flow, the 3-foot and 5-foot roller pack-off tables make smart accessories for your wrap stations. With a heavy-duty stainless steel frame, and 3/4 inch aluminum rollers, it easily transfers and holds multiple packages. The additional polyethylene counter gives operators extra space for handling trays.

Standard Features

- Sturdy welded 304 stainless steel frame with package stop
- Polyethylene work space for convenient tray handling
- Heavy duty 3/4 in aluminum rollers, 1 in on center for smooth package transfer

PART #	MODEL
73076	3 ft roller pack-off table with 2 ft infeed conveyor
73078	5 ft roller pack-off table with 2 ft infeed conveyor
73065	POP label dispenser for roller table
71283	Gravity conveyor, 3 ft aluminum with galvanized H-supports, 15 in W x 31-37 in H
71526	Gravity conveyor, 5 ft aluminum with galvanized H-supports 15 in W x 31-37 in H
73061	3 ft roller pack-off table
73062	5 ft roller pack-off table

Rotary Bin

Offering a gathering and transportation option, the aluminum bin with a handle and wheels will streamline backroom to shelf operation. The large bin has adjustable heights to complement a range of workstations. Additionally, the aluminum bin with stainless steel frame is easy to clean and is built to withstand heavy use.

Standard Features

- Sturdy welded 304 stainless steel frame
- Large 28 in diameter 8 in depth aluminum tub
- Adjustable height and handle
- Wheels for easy transportation
- Easy clean design

PART #	MODEL
104293	Rotary bin, 28 in dia. x 8 in D, adjustable height with wheels and handle
