

SM-5100

Scale Printer

SM-5100

Versatile Scale Printer for Store Operations

Weigh quickly, print rapidly to increase throughput. SM-5100 designed to meet the weighing needs of any retail store. This series provides the best value for your store's operation.

Easy to Change Label & Receipt

Changing the thermal paper roll is easy through the large opening in the scale housing which enables quick loading of the label or receipt roll.

Large & Clear Display

Customer and operators can easily read the bright alpha-numeric LCD with back-light. Large characters display the product name or scroll messages for promotions or store specials.

Free Angle of Operator Panel and Water Resistant Keyboard

Free angle adjustment of operator panel for easy operation. Water resistant membrane keyboard stands up to frequent use.

Powerful Communication Capabilities Standard

Through the standard Ethernet or RS-232 interface, inter-scale and store controller communication is readily available.

With the Wireless LAN network interface, scale installation locations can quickly change without added costs. (wireless network card is optional)

Nutritional facts and traceability information can be easily designed and printed for better customer service.

Quick weight stabilization and fast label/receipt printing allows the operator to serve more customers and increase volume of the operation.
