PREMIUM PACKAGE

Small Footprint, BIG POWER.
RS420c

RS420C

The VC999 rs-Series thermoforming machine makes its own deep-drawn packages from film. Your products are easily loaded, sealed and ready for delivery to customers.

Thermoforming Advantages:

- Longer Shelf Life
- Reduced operating cost with few employees needed
- More control over package sizes & shapes
- Many products can be packaged on a single rs with unlimited die configurations
- Lowest packaging cost with film used as basic material
- Minimal material storage cost, packages in various shapes can be made off the same film rolls
- Packages can easily be used for industrial or retail consumer purposes
- Maximum packaging performance

The Standard in Form-Fill-Seal Packaging Machines.

VC999 designs ideal product packaging solutions for your company to meet future retail and wholesale consumer demands.

THE PERFECT COMPACT THERMOFORMER

+ VC999®
